VALUE STREAM MAPPING BOOT CAMP

WHAT IS A VALUE STREAM MAPPING BOOT CAMP?

- An interactive, engaging, 5-day transformational event.
- Drives cross-functional collaboration and alignment.
- Analyzes and designs the flow of materials and information.
- Team members discover the wastes in their value stream.
- Quantifies the value adding and non-value adding activities.
- Reduces lead time and cycle time, improves quality and productivity.
- Prioritizes the most impactful actions to drive improvement.
- Applicable in any business or process that has repeatable steps and multiple handoffs.

WHAT IS THE VALUE STREAM MAPPING PROCESS?

In Value Stream Mapping, we seek to identify Current State processes, identify inherent Wastes, target Improvement Opportunities, Identify Counter-Measures, Implement & Drive Results.

Once improvement priorities are identified, VSM is one tool Lean Focus uses to help clients build stronger processes and tools
