# SUPPLIER RISK MANAGEMENT KAIZEN WORKSHOP

## WHAT IS SUPPLIER RISK MANAGEMENT?

SUPPLIER RISK MANAGEMENT is a recurring process driven by Procurement that is comprised of a cross-functional team that assesses your top / most critical supplier risks, then creates risk mitigation strategies that lower supplier risks, once the strategies are implemented. Additionally, having disaster recovery plans for your top / most critical suppliers enables quick reaction should disaster occur. This kaizen workshop will enable an organization to implement a structured supplier risk management process.

## SUPPLIER RISK MANAGEMENT WORKSHOP DELIVERABLES

### Supplier Risk Management Benefits:

- Reduces overall supply chain risk
- Quicker reaction when disasters occur
- Prioritize mitigation resources on “highest risk” suppliers
- Improves knowledge of your largest and most critical suppliers
