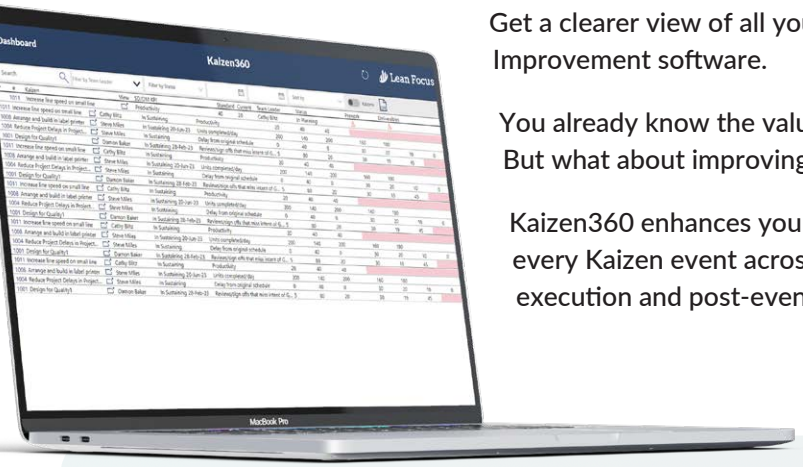
Kaizen360

Continuous Improvement Software

360-Degree Visibility of ALL Kaizen Events at Your Fingertips



Get a clearer view of all your Kaizen events with Kaizen360, the leading Continuous Improvement software.

You already know the value of incorporating Kaizen events into your operational strategy. But what about improving your Kaizen management process itself?

Kaizen360 enhances your ability to visualize all initiatives with centralized insights into every Kaizen event across your organization. It makes the journey from planning through execution and post-event analysis a more effective experience.

Complete Control of Your Kaizen Process

Quickly visualize all the activities and statuses of all Kaizen events—before, during, and after. Manage things more effectively and over time, improve your Continuous Improvement process.

See Who is Running Each Event

See What is Being Accomplished

See the Progress Being Made Towards Goals

Powered by LBS™

The Foundation of Your Success

While many apps claim to streamline your workflow, Kaizen360 stands out with its unique integration of the Lean Focus Business System™ (LBS™). Trusted by world-class companies, including those in the Fortune 1000, LBS™ consistently delivers proven results.
